Senator Theodore G. Bilbo,

Washington, D.C.

Dear Senator Bilbo: The enclosed article, relative to a recent wet article by Rep. J.W. Wadesworth of New York is a good example of the deliberat sort of lying the wets are doing all the time.

Besides, we are coming to be very very tired of some blue bellied Yankee coming down South and sticking his devilish nose in our STATE affairs.

Respectfully submitted,

W. D. Lester
