Dear Senator Bilbo

I was so glad to see the notice
In the paper. offering 1.000000 for
the rat no he not dead
he has shaved that few long
bristles of his head and lip
And I think he using leg make
up on that face and possible a
ton wig. Yes by all means
let us catch that dirty german
And there should not be
one of them allowed to enter this
country for years. a german
a nazi. Minnesota Is lousy with
them, that's what spoils the
state
Thank God we squelched them
for all time to Come Yet I fear
Hope you get it
